## Prepositions

- **Prepositions**
- **Prepositions show the relationship between nouns and other words or phrases in the sentence - they often express location in terms of space or time.**

## Prepositions

- **Common Prepositions**
- **Some common prepositions are *about, above, across, after, against, as, at, behind, below, beneath, except, for, from, in, inside, like, near, of, off, out, over, past, regarding, since, through, toward, under, until, upon, within, and without.***
